

THE TALE OF TWO ROOMS ©

At *Serve It Up Safe!*, we believe that you can accomplish anything when you are comfortable. And do we strive to assure your comfort! One of the many ways we do that is to use only the cleanest, roomiest training classrooms available. Another way we do that is to limit our class sizes. We have a maximum of 12 students per class for a good reason; we all want lots of space to work, and we want to finish the review class and exam in the shortest amount of time possible. Once a training class has in excess of 18-20 people in it, it is going to take a disproportional amount of time to accomplish the same objective, and although our competitors collect a lot more revenue than us, we prefer to focus on your success, and for you to succeed, we know you need to be comfortable.

Their training room

Yes it is luxurious, but someone has to pay for that, one way or another, be it your time, your money, or both!

Our training room

We'll admit it's not real luxurious, but it's very, very comfortable! Our rates remain very competitive and with a maximum of 12 seats per class, you are always finished in under 6 hours. And note that we like to have an American flag in the room. And notice at each seat is a bevy of additional reading/educational materials that we don't charge extra for.
